

Dr. Allen Reed resides in the Inverness-Greystone area with his wife Tracy and their three children. He attended undergraduate school and earned his bachelors of science degree at the University of Alabama at Birmingham and went on to obtain his doctor of medical dentistry degree also at the University of Alabama at Birmingham. Dr. Reed is an active member of the American Dental Association, the Alabama Dental Association and the Birmingham District Dental Society. He has been in practice in the area for over twelve years. Dr. Reed can repair teeth that would otherwise be less attractive with teeth bonding, veneers, as well as tooth whitening services that can greatly improve your smile. Also, Dr. Reed can provide in-office and take home teeth whitening kits that can help improve the appearance of your smile.

REGULAR CHECK UPS

Going to your regular check ups will help to keep your gums and teeth healthy as well as detect any early problems such as gum disease, oral cancer and cavities. The best way to maintain good oral health is to visit your dentist on a regular basis.

TEETH WHITENING

Zoom!, now used at our office, offers the best cosmetic teeth whitening available. Of all the dental whitening treatments nothing whitens better or faster. Get an average of 8 shades whiter in just 45 minutes with Zoom!'s innovative teeth bleaching system. Zoom! has been clinically proven to be safe and effective and many dentists consider whitening the safest cosmetic dental procedure available. You can benefit from tooth bleaching - schedule a consultation today!

FILLINGS AND CROWNS

When a tooth or teeth become significantly compromised, dental work may be required to repair the damage, infection or cavity. Further dental work may then be needed to strengthen the tooth or teeth, as well as provide a better cosmetic appearance.

care

NEW PATIENTS ALWAYS WELCOME

When you enter our office, you will be greeted by a friendly and caring staff who will strive to make you feel comfortable and welcome. We offer you and your family the latest preventive and restorative dentistry methods available today and provide these in a

pleasant and relaxed environment. We believe that preventive dentistry, patient education and communication are the best ways to avoid poor dental health. Through our informative patient focused educational materials, you will learn ways to take an active

role in your oral health. We advocate regular check-ups as a means of ensuring that even minor dental problems can be detected and treated at an early state, thus avoiding discomfort and pain. Working as a team, a healthy smile can be yours for life.
